

# The Starry Moment: Hokkaido Reexamined by Artists and Curators

2025. 1. 5 - 3. 16

Works from our collection of “Art in Hokkaido” selected by nine artists and ten curators, works by the artists themselves, and the fruit of research on our collection undertaken by the curators are presented collectively in this exhibition. It is an attempt to reread the history of art in Hokkaido from multiple perspectives. This exhibition is planned in collaboration with CAI-Contemporary Art Institute/CAI03.
